Welcome back to another busy term. This term we will be running a workshop for all community members who are interested in assisting classroom teachers in providing support for students in Literacy activities.

Parents wishing to assist in Reading must be trained unless they are a teacher. Parents will be working with students who find Reading difficult, need support in their attempts and have an individual program to follow or need one to one practice time.

Parents who are interested in becoming a Parent Tutor in Reading have the opportunity to be trained during a one hour workshop on the following date.

**DATE:** Thursday, 14th March 2013 at 1:30pm

**VENUE:** G BLOCK

Parents who are already trained in Reading do not need to attend this session, unless you feel you would like a refresher course.

Being a Parent Tutor is a very rewarding experience and students would really benefit from your support and time. Please consider becoming a Parent Tutor and assisting the students at Picnic Point Public School. Tutors will be assigned to classes based on need.

If you are a trained Reading Tutor or wish to be trained as a Reading Tutor this year please fill in the form below and return it via the school office by Friday, 8th March 2013.
